AMENDMENT A

In response to the Office Action dated July 19, 2002, please amend the
above-identified case as follows.

In the Specification:

Amend the paragraph beginning on page 1, line 8, as follows:

-- There are many ways computers linked together in a local area
network (LAN) can run applications. Applications can be run from a
central location such as a server. Alternatively, applications can be
installed on individual computers. Each method has benefits and
drawbacks.

--.

Amend the paragraph beginning on page 2, line 1 as follows:
